

MISSION STATEMENT

“The Fulton County Health Corporation” (I-CARE, Inc.) is a locally driven collaboration to increase the capacity of the Fulton County Health Department’s programs and services to meet the needs of local residents.”

PURPOSE

I-CARE, Inc. is organized exclusively for charitable purposes within Section 501(c)3 of the Internal Revenue Code. The specific purpose for which the corporation is organized is to increase the capacity of the Fulton County Health Department’s programs and services to meet the needs of local residents. I-CARE, Inc shall accomplish this, in part, by developing alternative funding sources for health programs, in doing so, lessen the burden of Government.

HISTORY

I-CARE, a not for profit corporation formed in 2006 to support programs and services of the Fulton County Health Department, has received its 501 (c)(3) status from federal and state authorities.

I-CARE was formed to "Increase Community Access to Resources and Education" and to operate for charitable purposes to be used exclusively for Fulton County Health Department programs and services. In part, this is accomplished through the development of alternative funding sources so that the health department is able to meet the needs of the residents.

For additional information about I-CARE, call 309-647-1134.

**I-CARE is a 501c3 corporation.
Its purpose is to support the health needs of Fulton County residents.**

Offering preventive health care to the residents of Fulton County is the primary goal of I-CARE, a 501(c)3 corporation to

attract private, corporate and governmental grants.

It is only through preventive health that

we can ensure the quality of life of the residents of our county.

I-CARE was formed on this premise to work with our communities in providing programs which produce a broad spectrum of preventive health care services.

The mission of I-CARE is to support the general welfare of the people of Fulton County by providing quality programs through the Fulton County Health Department.

This is done through the solicitation and receipt of grants, endowments, and other funds. These funds are then allocated to the health department.

I-CARE provides resources to support the mission and activities of the Health Department. I-CARE support ensures enriched quality of life and provides opportunities for people to become di-

rectly involved in making key decisions about their health.

I-CARE BREAST HEALTH

The I-CARE Breast Health Fund was started Fall 2009 for the care and treatment, diagnosis and/or follow up for breast health. It will cover expenses for necessary and essential treatment and supplies which would not be covered under other programs available through the Fulton County Health Department.
